Safety Instructions:

- Caution: Risk of suffocation from small parts due to improper handling or assembly. Keep small parts out of the reach of children during assembly.
- Ensure that the brochure stand is placed on a stable and level surface to prevent it from falling over.
- Avoid loading the brochure stand with heavy objects. Use a maximum height of 40 mm and a maximum of 5 brochure shelves to prevent excessive loads and possible damage.
- Follow the installation instructions carefully to ensure that the stand is installed correctly. Incorrect installation can lead to instability.
- Do not use the brochure stand as a ladder or for any other purpose.
- Keep the brochure stand away from moisture and extreme temperatures to ensure the integrity of the material.
- The brochure stand is supplied unassembled. Assemble the product according to the enclosed instructions. The brochure stand is easier to transport as an unassembled product.
- Keep hands and other body parts away from the mechanical parts during assembly.
- If necessary, secure the brochure stand with additional brackets to prevent it from accidentally tipping over.
- There is a risk of injury or damage in the event of improper use.
