Safety Instructions:

- Before use, observe the load capacity (250 kg) and ensure that this is not exceeded.
- The handles are fitted with safety bars. These should always be inserted correctly.
- Ensure that the wheels are fitted with pneumatic tyres when in use to ensure stability. Check wheels regularly for damage or wear to prevent failure during use.
- Always use the drum trolley on a stable, level surface to avoid accidents.
- Only use the drum trolley for its intended purpose.
- Regularly check the structural integrity of the trolley, especially the weld seams.
- Wear suitable safety shoes when moving the trolley.
- Keep the work area free of obstacles and hazards.
- Avoid sudden movements or jerky lifting to prevent injuries.
- Systematic training of users in the safe use of the drum trolley.
