Article Numbers: 96006, 96005

Safety Instructions:

- Risk of suffocation due to improper use or improper handling.
- Maximum load capacity: Do not exceed 500 kg. Protect people from crushing hazards when transporting loads in excess of the maximum load capacity.
- Ensure that the product is only used by adults or under supervision to avoid the risk of injury. Small children should be kept away from the product to avoid the risk of falling and crushing.
- Ensure that the product is moved on firm, stable surfaces to prevent it from tipping over or falling.
- Before use, ensure that the cargo bed is stable and correctly positioned. Ensure that the base is secure and level when in use.
- Check castors for proper function before use.
- Take particular care when transporting heavy loads; use adequate support.
