Article Numbers: 96008, 96007

Safety Instructions:

- Take care when loading: The maximum load capacity is 600 kg. Do not exceed the maximum load capacity.
- Make sure that the trolley is not overloaded to avoid the risk of falling.
- Ensure that the trolley is used on level and stable ground to prevent tipping.
- The swivel castors are equipped with a brake; secure them when the trolley is not being moved. Ensure that protective devices are in place to prevent improper use.
- Training in the safe use of the trolley is recommended, especially when handling heavy loads.
- Improper use can result in a risk of injury, especially when transporting heavy loads.
- Ensure the use of portable furniture with rounded wood to avoid injury from edges.
