Safety Instructions:

- Not suitable for children under 3 years due to choking hazard from small parts.
- Avoid using near water or damp environments to prevent damage to materials and possible electric shocks.
- Check for the presence of small parts before use as there is a risk of swallowing.
- The magnetic pockets should only be used on ferrous surfaces to prevent them from falling.
- Ensure that the magnetic pockets do not come close to electronic devices or sensitive surfaces to avoid interference and damage.
- Avoid exposure to direct sunlight or heat to prevent material damage.
- Before use, the surface must be checked for cleanliness and dryness to ensure optimum adhesion.
- Strong magnetic forces can be dangerous, be careful when using on ferrous surfaces.
- Do not use for safety-relevant applications.
- In the event of damage to the product, stop using it and inform the responsible organisation.
- Check for damage before first use.
- Read the instructions carefully before use.
