Please note the technical data of the products!

Article Numbers: 34169, 34168

Safety Instructions:

- Only use with a suitable drum (200 litre drum) and ensure maximum drum size.
- Before use, ensure that the drum support and castors are in perfect condition and are used on a level surface.
- Handle with care to avoid injury from heavy lifting.
- Take suitable protective measures for operations involving hazardous substances.
- Do not overload the platform; always check the load-bearing capacity before use.
- Only use castors on smooth, stable surfaces to avoid falls.
- Keep out of the reach of children to avoid the risk of falling.
- There is a risk of falls and injuries if used incorrectly.
