### Safety Instructions:

- Cutting tools may contain sharp blades and should be used with care to avoid injury.
- Keep the product, especially the blades, out of the reach of children to avoid the risk of injury.
- Only use the product in accordance with the instructions and recommendations provided.
- Check the product regularly for damage or wear and tear before using it.
- Avoid contact of the blade with water to prevent rust formation.
- Ensure that the blade is correctly secured during use to prevent it from slipping.
- Take care to use the blade only on stable surfaces to avoid accidents.
