Please note the technical data of the products!

Article Numbers: 26357, 26356

Safety Instructions:

- Caution: The product could tip over if the weight in the plastic base is not correctly distributed. Ensure that the plastic base is always sufficiently filled to guarantee stability. Only fill the base with suitable materials (sand, grit) and ensure that it is properly closed.
- The product cannot be used without additional chain; please order chain separately. Please note that the ball head is designed to prevent the chain from unhooking, but improper handling can still lead to safety problems.
- Use only for its intended purpose; improper use could result in injury. Avoid improper use to prevent injury.
- Attention: Product is not suitable for children.
- Secure the product after use to avoid tripping hazards.
- Avoid contact with fire or high temperatures.
