Safety Instructions:

- Do not stand or work on the top step.
- Ensure that the ladder is secured on firm, level and stable ground.
- Always support the ladder securely on the ground and ballast it properly.
- Check regularly for damage or wear.
- Do not use in windy, wet, slippery or bad weather conditions.
- Do not use the ladder above the maximum height or load capacity.
- Only allow one person on the ladder at a time.
- Avoid vibrations, lateral movements and excessive weight shifts.
- Proper folding and storage after use.
- Check stability and safety equipment before use.
- Avoid use when tired or under the influence of alcohol/drugs.
- Store small parts and tools safely to avoid the risk of falling.
- Ensure instruction for all users.
- Not suitable for children under 6 years of age.
