Safety Instructions:

- Do not exceed the maximum load of 60 kg.
- During assembly, follow the relevant parts and steps carefully and assemble the product in accordance with the assembly instructions to ensure stability and safety.
- Regularly check that all connections are tight and secure and the condition of the castors and trolley; damaged or worn parts should be replaced immediately.
- Make sure that the trolley is used on a stable, level surface to prevent it from tipping over.
- Apply the castor brakes before use and use lockable castors to prevent rolling away; these should always be activated when not in use.
- Keep the area around the office trolley free of obstacles to prevent falls.
- Keep children away from the product to avoid accidents.
