Article Number: 22725

Safety Instructions:

- Make sure that the cabinet is placed on a stable and level surface to prevent it from tipping over.
- Protect the cabinet from extreme temperatures and moisture to prevent corrosion.
- Use the drawer and shelves in accordance with the specified load capacities to avoid overloading.
- Take care when using the castors to prevent them from rolling away or tipping over.
- To minimise stability risks, do not climb onto the cabinet or place heavy objects on it.
