Article Numbers: 60111, 60113, 60110

Safety Instructions:

- Do not stack or if stacked improperly, there is a risk of tipping over, which can lead to falls.
- Avoid contact with sharp objects or chemicals to prevent damage or only use if insensitive to oils, acids and alkalis.
- Do not use the product at temperatures above 80°C to avoid deformation.
- Only use the product in the temperature range -20° to +80°C to prevent damage and deformation.
- Use under extreme conditions such as constant pressure or impact can affect the structural integrity.
- Not suitable for children under 3 years due to choking hazard from small parts.
- Ensure that the container is used with a maximum load of 120 kg to avoid structural failure.
- When cleaning, only use suitable cleaning agents to avoid discolouration or material damage.
- Do not use in food safety unless explicitly certified.
