Article Numbers: 825306, 825304, 825303, 825300, 825299

Safety Instructions:

- Caution: Risk of tripping if not used properly on uneven floors or with heavy foot traffic.
- Not suitable for steep slopes or inclines. Ensure a safe and non-slip surface.
- Do not use in areas with high traffic density without suitable protection.
- Remove cables regularly to prevent overloading the cable bridge.
- Regularly check the general condition and structure of the cable bridge for damage and replace if worn or damaged.
- Ensure that cables are tucked away properly to prevent tripping and tangling accidents.
- Only use on stable, level surfaces, not designed for outdoor use. Take additional measures for outdoor use.
- Risk of scratching or damaging the cable bridge: impairs insulation and safety.
- Not suitable for humid conditions or extreme temperature fluctuations.
- Carry out regular checks for long-term use.
- Avoid overcharging to minimise short circuits or damage.
- Do not overheat the cable bridge or bring it into direct contact with water.
