Article Numbers: 825296, 825295, 825294, 825290, 825289

Safety Instructions:

- Only use the cable bridge on level, stable and non-slip surfaces to avoid the risk of slipping and tripping.
- Ensure that the cable bridge is checked regularly, especially in heavily frequented areas, to prevent wear and damage.
- Ensure that the cable bridge is only used with the intended cable types that comply with the relevant safety regulations in order to avoid accidents.
- Keep the cable bridge away from children to avoid injury or accidents.
- Do not use for temporary applications on construction sites or similar environments.
- The cable bridge must not be overheated or exposed to direct sunlight.
- Ensure that the cable bridge is not damaged to avoid accidents.
- Only use the cable bridge for the intended number of cables to avoid overloading and the associated risks.
- The cable bridge is electrically insulating; make sure that it does not come into contact with water to avoid short circuits.
