Please note the technical data of the products!

Article Numbers: 27206, 27200, 27198, 27197

Safety Instructions:

- Assemble the shoe rack according to the instructions to ensure safety and stability. Incorrect assembly can cause it to tip over, which can result in injury.
- The shelf must not be overloaded; observe the load capacity to ensure stability.
- Use the shoe rack with suitable benches in accordance with the specified dimensions and conditions. Ensure that it is correctly bolted to the bench to prevent it from tipping over.
- Regularly check the screw connections and tighten them if necessary to ensure that they are tight.
- The product is not suitable for children; make sure it is out of their reach to avoid injury from tipping over.
