Article Numbers: 27044, 27042, 27041, 137022, 137021, 137020

Safety Instructions:

- The product is heavy (45 kg) and requires at least two people for transport and handling in order to avoid injuries.
- Make sure that the doors are properly closed to prevent objects from falling out or causing injury.
- The rotary bolt lock is suitable for padlocks with a shackle thickness of 5 - 7 mm and should be used in accordance with the manufacturer's instructions to prevent theft.
- Make sure that the locker or cabinet is placed on a stable and level surface to prevent it from tipping over.
- During installation, the manufacturer's instructions must be followed and all screws and connections must be properly tightened to avoid safety risks.
- The product should be kept away from children to avoid possible injury. It is not suitable for children under 3 years of age due to the risk of choking on small parts.
- Avoid stacking heavy objects above the maximum load to prevent breakage or falling over.
- Keep keys safe to prevent unauthorised access.
- Contact the manufacturer in the event of faults or damage.
