Article Numbers: 27065, 27063, 27062, 137222, 137011, 137010

Safety Instructions:

- Make sure that the doors are fully closed to prevent injuries and the risk of suffocation.
- The clothes locker should be installed on a stable and level surface to ensure stability and protection against tipping.
- Avoid overloading the doors and the product to prevent damage and possible injury as well as structural damage.
- Protect the clothes locker from extreme temperatures and moisture to prevent rusting.
- Keep the clothes locker away from flammable materials.
- Take care when using heavy objects, regularly check the stability and safety of the clothes horse, especially with heavy loads.
- Use only by adults or under adult supervision.
- Take care to keep small children away from the wardrobe to avoid the risk of injury, especially suffocation and impact.
- Include labelling and instructions for installation and use.
- Ensure that the cylinder lock works properly and observe the security guidelines for it to prevent unauthorised access.
- Only use the product in accordance with the intended instructions and specifications, check the load-bearing capacity of the clothes rail.
- If the product is soiled or damaged, seek immediate cleaning or professional maintenance.
- Pay attention to small parts and possible risks of injury, especially sharp edges on the doors or the body.
- To protect against the risk of crushing, ensure that the doors are not blocked.
