Safety Instructions:

- Avoid the risk of overheating or electric shock in the event of improper use.
- Only suitable for use in dry environments unless otherwise specified.
- Avoid pulling, kinking or crushing the cable to prevent damage.
- Keep children away from electrical appliances, especially when using them near water or out of their reach.
- Be aware of the risk of suffocation due to improperly stored cables.
- Only use with devices that do not exceed the maximum power consumption to avoid overheating.
- Avoid the risk of electric shock from faulty sockets or improper use of the sockets.
- Observe the overheating protection and ensure that the cable box is not overloaded to avoid the risk of fire.
- Use a child safety lock to prevent access to sockets.
