Please note the technical data of the products!

Article Numbers: 58168, 58162, 58161

Safety Instructions:

- Safety glass (ESG) minimises the risk of injury in the event of glass breakage.
- Sliding doors with cylinder locks protect against unauthorised access. Ensure that the doors are locked and keys are accessible.
- Maximum load capacity of the glass shelves: 12 kg with evenly distributed load. Avoid overloading.
- Use suitable fixings for wall mounting to prevent the appliance from falling. Only install on stable walls.
- Use product for display only, do not store heavy or unsafe objects.
- Regular inspection of the glass panes for cracks or damage is recommended.
- Product is designed for indoor use and should not be used outdoors.
- Improper handling or installation can lead to suffocation due to fragile glass shelves.
- Warning: Only for use on the wall. Slipping or falling over can lead to injury.
