

Product Safety Information

Cupboard trolley, hinged doors

Please note the technical data of the products!

Article Numbers: 150151, 150150

Safety Instructions:

- Choking hazard due to small parts being pulled off during use or transport.
- Risk of collision due to moving parts such as hinged doors; ensure that doors are not in the way when opening.
- Risk management in the event of overloading: observe the maximum load capacity of 300 kg to avoid damage.
- Risk of falling due to improper handling or insufficient mobility of the castors.
- Safe use when parking and storing thanks to swivel castors with locking function; use of the wheel lock recommended to prevent rolling.
- Ensure that the product is standing on a level surface to prevent it from wobbling and tipping over.
- Check the fastenings of the castors regularly to ensure that they are securely mounted.
