Safety Instructions:

- Do not combine with flammable materials or liquids; keep fire and flammable materials away to avoid fire hazards.
- When changing the inner container and the waste bag, wear protective clothing and protect your hands from sharp edges to prevent cuts.
- Dispose of contents regularly to avoid overfilling and risk of fire; observe local regulations on waste disposal.
- Make sure that the ashtray or combination ashtray is mounted on a stable and secure base to prevent it from tipping over.
- Do not transport the Combi Ashtray when it is full and do not lift it on your own to avoid injury from improper handling.
- Use only for its intended purpose; do not fill with flammable materials or place near open flames.
- Edges and corners may have sharp edges; take care when handling.
- Regular maintenance and inspection of the product to ensure functionality.
- When used outdoors, protect the combi ashtray from extreme weather conditions.
