Article Numbers: 46181, 46180, 46179

Safety Instructions:

- Ensure that the wardrobe is stable and cannot tip over to prevent it from tipping over or falling.
- Use suitable fixing material for safe installation in damp rooms.
- High-quality stainless steel, recommended for use in medical, chemical and food-processing environments.
- No sharp edges or corners to avoid injuries.
- Do not apply extreme loads to the doors to avoid damage.
- Regularly check the hinges and locks for proper functioning to avoid the risk of injury.
- Observe the maximum load limits to avoid structural damage.
- Ensure that the wardrobe is only used for its intended purpose in order to minimise hazards.
- Enclose safety instructions and assembly instructions.
