## Grating floor for gas cylinder container

Please note the technical data of the products!

**Article Numbers:** 76414, 76413, 76412, 76411, 76410, 76409

### Safety Instructions:

- Ensure that the grating is installed securely and stably to prevent accidents and the risk of falling.
- Only use the grating in the intended area of application and avoid using it in hazardous environments.
- Check the grating floor regularly for wear, damage and moisture to prevent accidents caused by slipping and falling.
- Avoid heavy or unevenly distributed loads on the grating floor to prevent it from tipping over or collapsing.
- Information on handling, installation and potential tripping hazards should be provided clearly and comprehensibly.
- Additional stability may be required when using heavy-duty containers.
- Ensure stable and secure installation on containers and uneven floors.
- The grating floor is not suitable for use alone in areas where people walk frequently in order to prevent tripping accidents.
- May have sharp edges, use with care.
- Communicate product liability and recall measures in the event of safety problems.
- The grating shelf is an additional option that can only be ordered on request.
