

Product Safety Information

Shovel BSE

Please note the technical data of the products!

Article Numbers: 77029, 77028, 77027, 77026, 77025

Safety Instructions:

- Ensure that suitable personal protective equipment such as gloves and a hard hat are worn when using the shovel.
- Observe the maximum load to avoid overloading.
- Activate the safety device to prevent unintentional slipping. Ensure that the bucket is securely attached to the forks and that the material is prevented from slipping.
- Always use on a stable and level surface.
- Use only for the intended purpose (loading of bulk goods).
- Observe careful handling when loading and transporting bulk goods.
- Beware of crushing and cutting injuries during use. Wear suitable protective equipment such as gloves and safety goggles.
- Only tilt the appliance in accordance with the safety instructions, no persons in the vicinity.
- Check the product for damage before use. Check product safety carefully before use.
- Only use the bucket with compatible forks and suitable equipment, taking into account the load capacity and stability of the equipment.
- The shovel may only be used by qualified personnel.
- Observe all safety instructions and instructions for use provided by the manufacturer to ensure safe use.
- Caution: Risk of injury from improper use. Ensure that the shovel is used safely to prevent injuries from accidents.
