Article Numbers: 91976, 91975

Safety Instructions:

- Only use the plate roller on level and stable surfaces to avoid falls.
- Do not overload the plate roller beyond the maximum permissible load capacity of 200 kg, as this can lead to accidents or damage.
- Ensure that no persons are in the vicinity while the plate roller is in use to avoid injury.
- Prevent the plate roller from tipping over by loading it evenly and transporting it carefully, especially with heavy loads.
- Check the plate roller for damage before use.
- Follow the manufacturer's instructions for safe use of the plate roller.
- Use appropriate lifting techniques to avoid injury when transporting heavy panels.
- Wear suitable protective gloves to avoid injury from sharp edges.
- Keep the product away from children to avoid injury from tipping over.
