### Safety Instructions:

- Ensure that no sharp edges or protruding parts pose a risk of injury.
- The bench must be stably mounted and constructed to prevent it from tipping over or breaking.
- The recommended load capacity must not be exceeded.
- The bench is not suitable for use by children without supervision; suitable safety precautions must be taken.
- The surface of the bench should not become slippery, especially in wet conditions.
- Unsuitable or damaged shoe grids can cause falls.
- The bench must be checked regularly for damage and wear.
- Assembly instructions must be clear and understandable; the product may become unstable if they are not followed.
- Bench may only be used by one person at a time to avoid overloading and the risk of falling.
- Objects must not protrude over the sides of the bench in order to avoid injuries.
