Please note the technical data of the products!

Article Numbers: 77848, 77847, 77846, 77845, 77844, 77843

Safety Instructions:

- No sharp edges or points that could cause injury. Improper handling can result in sharp edges or fragments that pose a risk of injury.
- When stacking on roller conveyors, a secure stand should be ensured. Ensure that the crate is stacked correctly to prevent it from falling over.
- The box should be stored out of the reach of children to avoid the risk of choking on small parts. Not suitable for children under 3 years of age.
- Do not use in extreme temperatures outside -40°C to +55°C. Avoid high temperature or heat source as material may deform or be damaged.
- Take care when handling sharp objects to avoid damage.
- For safe storage of small parts to prevent them from falling out.
- Take care when using in damp environments to minimise the risk of slipping.
- Product not suitable for direct contact with food.
- Avoid use in environments with strong acids or alkalis that do not comply with the resistance requirements.
