

# Product Safety Information

## Roller plate, 1200 x 800 mm

**Manufacturer/Responsible Person:** Gabriel Transportsysteme GmbH, Frielinghausen 26, 59889 Eslohe, Deutschland

**E-Mail:** info@rollcart.de

Please note the technical data of the products!

**Article Numbers:** 92176, 91997, 91835, 91834

### Safety Instructions:

- Ensure that the load capacity is not exceeded. (Maximum load capacity: 2000 kg, 3000 kg)
- Caution: High load capacity up to 3000 kg, therefore ensure safety when loading and unloading.
- Check the stability of the cargo bed and the castor plate, make sure that it is stable before use and that it is not overloaded or tilted.
- Wear suitable personal protective equipment (gloves, safety shoes) to avoid injury.
- Make sure that the roller plate is used on a level surface to prevent it from tipping over.
- Take care when moving heavy loads; risk of injury.
- Carry out regular maintenance of the wheels and ball socket; check the condition of the wheels and bearings for wear or damage.
- Provide user instructions in an understandable language.
- Use suitable lifting and transport equipment to avoid injury.
- Avoid insufficient distance to other persons during use.
- Not recommended for children and untrained persons.
- Ensure that the weight is evenly distributed on the cargo bed.
- Do not use on uneven or slippery surfaces; ensure that the wheels are suitable for the intended surface.
- Check for damage before use.
- Follow the safety instructions for improper use.
