Safety Instructions:

- The worktop must not be used as a toy by children. The worktop should not be used by children without supervision as it can cause serious injuries.
- Ensure that the threaded sleeves are fitted correctly to avoid injury. Before use, check that the threaded sleeves are fitted correctly to ensure secure fastening.
- Avoid contact with water to prevent damage to the wood.
- Wear safety goggles when using tools during installation to avoid eye injuries.
- The work pallet must be placed on stable supports to prevent it from tipping over or slipping.
- Caution: The Multiplex worktop can cause serious injuries if it is not handled properly.
- The steel edge may have sharp edges. Take care when handling the edge.
- For your safety, read the enclosed instructions and safety information before use.
