Safety Instructions:

- Store food safely to avoid contamination.
- Do not use if the lid is damaged.
- Before use, ensure that the lid is correctly positioned on the insulated box.
- Not suitable for use in the microwave or oven.
- Observe food safety regulations.
- Do not heat above 100 °C to avoid deformation.
- Protect from direct sunlight to prevent material ageing.
- Not suitable for suction applications as no vacuum can be generated.
- Do not use the lid as a toy to avoid the risk of choking.
- Avoid contact with hot surfaces and naked flames to prevent burns and damage.
- Keep the lid out of the reach of children to avoid the risk of choking on small parts.
