

# Product Safety Information

## Spring floor trolley made of anodized aluminum, load capacity up to 130 kg, optionally with volume 180 or 380 l

Please note the technical data of the products!

**Article Numbers:** 94679, 94678

### Safety Instructions:

- Do not exceed the maximum load capacity (130 kg). Before use, check that the trolley is suitable for the weight of the load (maximum load capacity 130 kg).
- Ensure safe handling and transport in accordance with the operating instructions. Please read the operating instructions carefully and follow the safety instructions.
- Observe protective measures against the risk of falling or crushing during use.
- Take care not to exceed the permissible spring force in order to avoid damaging the trolley.
- Avoid using the trolley on unstable or uneven surfaces to prevent accidents.
- Keep children away from the product to avoid injury from improper use.
