Safety Instructions:

- Do not load the scales above the maximum load capacity (3 kg, 6 kg, 15 kg, 30 kg).
- Ensure that the platform is clean and dry before use.
- Protect the scales from moisture, extreme temperatures and impacts.
- The scale should only be used in accordance with the operating instructions and specifications.
- Protect the battery from complete discharge to avoid overloading.
- Exclusion of liability for damage caused by improper use.
- Maintenance and repair work may only be carried out by authorised specialists.
- Read the manufacturer's instructions before use.
- Ensure that the scales are placed on a stable and level surface.
- Only use the recommended power supply unit.
- The scales are not suitable for use by children without supervision. Keep small parts away from children to avoid the risk of choking.
- Observe the applicable safety regulations for handling electrical appliances.
- The appliance must not be used in a damp environment or near water in order to avoid electric shocks.
