Please note the technical data of the products!

Article Numbers: 98151, 98150

Safety Instructions:

- Do not exceed the maximum load capacity: 1250 kg and 900 kg.
- Load the pallet evenly to avoid the risk of tipping.
- Pay attention to sharp edges and sapwood joints to prevent injuries.
- Damaged pallets must be taken out of service immediately.
- Dispose of pallets in accordance with environmental standards.
- Only use pallets on level and stable surfaces.
- Secure the load properly to prevent it from shifting during transport.
- Avoid contact with water so as not to impair the stability of the materials.
- Wear suitable personal protective equipment (e.g. gloves, safety shoes) to avoid injury.
- Do not overload pallets or use them for unintended applications.
