Article Numbers: 204179, 204178, 204177, 204175, 204174, 204173, 204172

Safety Instructions:

- Drawers can be pulled out under load, which can lead to injuries if used incorrectly.
- Ensure that the mobile pedestal is placed on a stable, level surface to prevent it from tipping over and moving.
- Do not exceed the maximum load of 15 kg per drawer to avoid damage or injury.
- Small children should not be left unattended near the product, as the mobile container is not suitable for children and there is a risk of suffocation from small parts.
- Do not use the product if it is visibly damaged or defective.
- When using the mobile container, take care not to move it over uneven floors or obstacles in order to avoid falls.
- Keep the mobile pedestal away from naked flames and heat sources.
- Regularly check that all castors, brakes and the locking mechanism are working properly and avoid using the scooter on slippery surfaces.
- Do not store the product in humid or extreme temperature areas to avoid material deformation.
- Before use, check the structure for stability and safety and read the operating instructions carefully.
- Use the lock to protect the contents from unauthorised access.
