Manufacturer/Responsible Person: Hünersdorff GmbH, Eisenbahnstraße 6, 71636 Ludwigsburg, Deutschland

E-Mail: info@huenersdorff.de

Please note the technical data of the products!

Article Numbers: 150432, 150431

Safety Instructions:

- Beware of fire and overheating, as the canister can contain flammable liquids. Protect the canister from heat and direct sunlight. Do not use the product near naked flames.
- Keep out of the reach of children and do not use safely for children without supervision as there are risks to health.
- When using the filling system, ensure that there is no overfilling to avoid spillages. The filling device should be securely fastened when refuelling to prevent leakage.
- Store safely in a cool, well-ventilated place, away from sources of ignition. Risk of ignition due to improper storage of fuels.
- Wear suitable protective gloves when handling fuels.
