Safety Instructions:

- Protection against cuts in the event of improper handling.
- Do not overheat the product or store it in direct sunlight.
- Regular cleaning to avoid contamination.
- Use only for the intended purpose.
- Do not leave unattended near children.
- Make sure that the waste bin is placed on a stable, level surface to prevent it from tipping over.
- Only use the waste bin for its intended purpose.
- Keep the flap of the waste bin clean to ensure proper functioning.
- All required parts must be checked before installing the waste collector.
- When used in public areas, additional security measures against vandalism should be considered.
