Safety Instructions:

- Risk of suffocation due to improper use of the height adjustment.
- Risk of falling due to improper use or defective castors.
- Risk of injury from moving parts.
- Regular inspection and maintenance of the chair to optimise safety.
- Make sure that the chair is placed on a level surface to prevent it from wobbling or tipping over.
- Avoid overloading the chair to prevent damage to the mechanism or castors.
- Check the stability of the chair regularly and tighten the screws if necessary.
- The chair is designed for a recommended sitting time of up to 8 hours to avoid health problems.
- Keep the chair away from water and direct sunlight to protect the cover and materials.
