Safety Instructions:

- The counter can be heavy. Make sure that it is stable and on a level surface to prevent it from tipping over.
- The worktop is made of frosted glass. Avoid sharp objects and aggressive cleaning agents to prevent damage.
- The counter has swivel castors. Make sure that these are locked to prevent movement.
- Children should not be near the counter to avoid injury.
- Do not use the counter as a place to sit or stand.
- Regularly check the fastenings and the stability of the rear panel with the compartments.
