Safety Instructions:

- Observe the maximum load of 110 kg to avoid overloading.
- Use height-adjustable armrests carefully when adjusting to avoid shoulder tension.
- Limit sitting time to up to 8 hours; regular breaks are important to prevent health problems.
- Only use the chair on stable and level surfaces to avoid accidents.
- Ensure that all mechanical parts function properly and are checked regularly to avoid injury.
- Adjust the seat height and backrest according to the instructions to ensure an optimum sitting position.
- Keep small children away from the chair and moving parts to prevent injury.
- Improper use may result in injury; use the chair only as intended.
- Deny children access to the product.
