Safety Instructions:

- For safe use of the castors on hard floors, the user should ensure that the floor covering is selected accordingly to prevent slipping.
- Physical injury due to improper use or overloading of the castors must be avoided. Please observe the maximum load recommendations.
- Ensure that the castors are checked regularly for signs of wear to avoid sudden failures during use.
- The castors are not suitable for soft or uneven floors. An instruction manual with specific instructions for use on different floor types must be enclosed.
