Safety Instructions:

- Not suitable for children under 3 years of age as small parts can be swallowed.
- Not suitable for children under 14 years of age, risk of injury from moving parts.
- Level out uneven floors to ensure stability.
- Ensure that the table is placed on a stable and level surface to avoid the risk of tipping.
- When adjusting the height, ensure that the table is securely locked and does not exceed the specified range (677-817 mm).
- Observe the maximum load capacity and load of the table top to prevent damage and tipping.
- Ensure that all cables are correctly routed and secured to prevent tripping hazards.
- The cable routing should be checked regularly for wear. Use cable management solutions and cable clamps correctly.
- The product should be checked regularly for stability and correct installation. To do this, check that all screws and connections are tight.
- Avoid using flammable materials or naked flames near the table.
- Use the table at your own risk; observe the instructions for use, dimensions and requirements.
- Use the enclosed instructions during assembly to ensure that all parts are installed correctly. Tighten all screws and connectors correctly.
- Avoid risk of injury from sharp edges, use edge protection if necessary.
- Do not use harsh cleaning agents for cleaning.
- Ensure that no body parts are trapped during assembly and use.
