Safety Instructions:

- Keep out of reach of children to avoid injury or choking hazard from small parts.
- When assembling and installing, ensure that safety procedures are followed to avoid injuries and tipping over.
- Make sure that all parts are firmly tightened and correctly assembled to ensure stability and safety.
- Ensure that the height-adjustable foot is correctly adjusted and regularly checked for stability.
- Avoid using sharp or pointed objects to prevent the risk of injury and damage to the surface.
- The product is not suitable for outdoor use and should be protected from moisture and direct sunlight.
- Make sure that the table is placed on a level surface to prevent it from wobbling and tipping over.
- Keep the work area free of obstacles to avoid tripping hazards.
- Only use the system angle plate with the intended desk models to ensure safety.
- Avoid excessive loads to prevent structural damage or breakage.
- The use of aggressive cleaning agents can damage the melamine resin coating.
- Only use the product for its intended purpose and observe all safety information.
- Place the system angle plate with a second person during installation in order to handle the weight safely.
- Do not exceed the recommended maximum load to avoid damage.
- Regular inspection and care of the melamine resin-coated surface is necessary to prevent damage.
