Safety Instructions:

- Make sure that the drawers and the utensil pull-out are properly secured to prevent accidents.
- Do not use the mobile pedestal as a staircase or climbing aid.
- Keep the mobile pedestal away from sharp objects to avoid injury.
- Ensure that no heavy objects are stowed in excess of the permissible load capacity to prevent material wear and tipping over.
- Only use the central locking system with the keys supplied to prevent accidental opening.
- Always keep the mobile pedestal on a level surface and ensure that it is stable to prevent it from tipping over.
- The mobile container may only be used by adults or under adult supervision to avoid injury.
- Please ensure that children do not play with the roller container unsupervised.
- Can tip over and injure people if used incorrectly, therefore ensure safe handling.
