Safety Instructions:

- Ensure that the mobile pedestal is stable to prevent it from tipping over. Make sure that the mobile pedestal is standing on a level surface.
- Do not overload drawers and pull-outs to prevent them from jamming or breaking. Avoid loading heavy objects into the top drawers. Drawers are not suitable for storing heavy objects.
- To avoid danger, ensure that small children do not play with the mobile container on their own. Not suitable for children under 3 years of age due to choking hazard from small parts.
- Ensure that the central locking mechanism is used during storage to prevent unauthorised access. Use the central locking mechanism properly to ensure safety and functionality. Observe the central locking mechanism to prevent accidental opening.
- The drawers are made entirely of metal; protect children from getting their fingers trapped.
- Keep the container and its parts away from moisture to prevent corrosion-related damage.
- Take care when handling sharp edges and corners.
