Safety Instructions:

- Do not overload the drawers and keep heavy objects in the lower drawers to prevent the mobile container from tipping over and to ensure stability.
- Use lockable utensil pull-outs and use only by authorised personnel to prevent unauthorised access.
- To prevent damage to the materials, do not set up the mobile container in damp rooms or near open flames and hot surfaces.
- Carry out regular inspections of the castors, mechanics and stability for damage and proper function to ensure safety.
- Use mobile pedestals on a level and stable floor to prevent falls.
- Not suitable for the storage of hazardous substances.
- Keep the product out of the reach of children; small parts may pose a choking hazard, especially for children under 3 years of age.
- Use and maintain according to the enclosed instructions to maximise service life.
- Observe the maximum load capacity to prevent overloading and tipping.
- Take care when opening and closing the drawers due to the risk of crushing.
- Use only for the intended purpose.
- Disposal according to local regulations.
