Safety Instructions:

- Risk of suffocation due to improper use of the lockable utensil drawer. It should only be used by adults.
- Risk of falling and tipping of the mobile container due to overloading or unstable construction, therefore do not overload drawers and position them on a secure surface.
- Risk of injury from sharp edges of metal parts. Small children should not play with moving parts or become trapped.
- Regularly check that the pull-out stops, drawers and pull-outs are working properly.
- Ensure safe movement of the mobile pedestal, pay particular attention to the buffers on the castors and close all drawers before moving the mobile pedestal.
- Keep the roller container away from heat sources, moisture and strong temperature fluctuations to prevent damage.
- Small parts should be stored in the drawers out of the reach of children.
- In child-friendly environments, small children should not be left unattended with the mobile pedestal to avoid injury.
