

Product Safety Information

Counter top ULM, W 800 x D 320 x H 350 mm

Please note the technical data of the products!

Article Numbers: 15077, 15065, 10683, 101383

Safety Instructions:

- Only install on stable and level surfaces to prevent tipping or falling over.
- Improper assembly can lead to tipping or falling over; tighten screws firmly and follow assembly instructions exactly.
- Avoid overloading the counter top and placing heavy or unstable objects on it to prevent structural damage and tipping over.
- Keep the counter top away from protruding solutions and avoid sharp objects on the surface to prevent damage.
- Contains small parts that can be dangerous for children; keep them out of reach.
- Observe the intended use to avoid injuries, use the counter top only for its intended purpose.
- Keep the area around the counter top clean and free of tripping hazards to prevent injuries.
- The counter top is made of E1 quality materials; only use damp cloths with a mild detergent for cleaning and keep dry to prevent moisture damage.
- Ensure that sharp or pointed objects are placed safely and out of reach to prevent scratches.
- Make sure that the counter top is not made of flammable materials to minimise fire safety risks.
- Clearly explain instructions for self-assembly for safe installation.
