Safety Instructions:

- Make sure that the furniture is stable and securely positioned to prevent it from tipping over. Use the floor levelling screws to compensate for any unevenness.
- Assembly should be carried out in accordance with the enclosed instructions in order to avoid stability risks and injuries.
- Ensure that the shelf is not overloaded to prevent loss of stability and damage to the shelves. Pay attention to the maximum load capacity.
- Keep small parts away from children to avoid the risk of suffocation. Keep out of the reach of children.
- Avoid using the shelf as a climbing aid for children. The shelf is not suitable for playing on.
- Ensure that the shelf is placed on a stable, level surface and is not placed near heat sources or damp environments.
- When using the shelf, ensure that it is not loaded above the recommended maximum load.
- If parts are missing or damaged, please contact the supplier immediately.
- Only use the mounting elements included or recommended in the scope of delivery.
- To avoid damage, do not treat the surfaces with aggressive cleaning agents or sharp objects.
- Safety information and installation instructions should be provided in a way that is easy to understand and visible to all users.
- A second person should assist during assembly to minimise the risk of accidents.
