**Article Numbers:** 150203, 150202, 150201, 150200, 150199, 150198

## Safety Instructions:

- Make sure that the drawer divider is stable and securely mounted to prevent it from tipping over or falling out and to avoid injury.
- Check the load capacity of the drawers to prevent overloading, which can lead to injury. Avoid placing heavy objects above the recommended maximum load to prevent breakage or tipping over.
- Avoid contact of the drawer partition with water or damp environments to minimise corrosion and material damage.
- Keep small parts and the drawer divider out of the reach of small children to avoid choking hazards. The product is not suitable for use by children.
- Take care to avoid sharp edges or points to prevent injuries.
- Follow correct installation instructions to avoid installation errors that can lead to accidents. Include clear instructions for correct use and installation to prevent misuse.
- Children should only use the product under adult supervision to avoid injury from improper use.
- Regular checks on the stability and safety of the product are recommended.
