Safety Instructions:

- Make sure that the drawer divider is securely fastened in the tool cabinet to prevent it from slipping or tipping over.
- To avoid the risk of fire, do not store the drawer divider near sources of heat or naked flames.
- Avoid contact with sharp objects to prevent damage to the subdivision.
- Avoid direct sunlight on plastic partitions to prevent discolouration or material damage.
- Make sure that the drawer divider is correctly mounted and properly inserted to ensure stability and avoid injury.
- Keep the drawer closed when it is not in use to prevent objects from falling out.
- Make sure that the drawer dividers are not overloaded to ensure stability and safety.
- The subdivision should be used in a dry environment to avoid moisture damage.
- Follow the enclosed instructions for assembly and safe use.
- The drawer divider is intended for workshops and should be kept out of the reach of children.
- Avoid use by children under 3 years of age to prevent the risk of choking on small parts.
- Only use the drawer dividers for storing tools.
